PERSONAL PROFILE

As a qualified Python developer, I am seeking a new opportunity to utilize my unique skill set and technical expertise. My background in Mechanical Engineering has given me a strong foundation in analytical and problem-solving skills, which I have leveraged to successfully design and develop software solutions for various industries, including manufacturing and automotive. I am confident that my combination of technical and engineering skills make me a valuable asset to any team and I am excited to continue growing as a Python developer in my next role.
